

## Class 171/7 and 171/8

**Train Operator**

**Southern**

<b>Vehicle Qty</b>	44
<b>Consist</b>	10 x 2-Car, 6 x 4-Car
<b>Traction Type or Power Supply Type</b>	422 bhp 315kW @ 1900 rpm – MTU Engine
<b>Max Speed</b>	100 mph

These air conditioned units were built for Southern and shortly after delivery of the original 2-car sets the train operator decided to change the couplers from BSI to Dellner 12s in keeping with their Electrostar fleet and to give assistance when required. This change prompted the re-classification to Class 171.
